DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on December 21, 2006 is acknowledged and has been entered into the records. The applicant has amended claims 1, 9, 10 and 14. Currently claims 1-14 are pending in the application.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Atty. Cheng-Kang Hsu (Reg. No.L0234) on March 28, 2007.

Atty. Cheng-Kang Hsu stated that in claim 9, "producing" was equivalent to outputting of the comparison results. In light of the clarification, Atty. Hsu agreed to an Examiner's amendment to replace "producing" with "outputting" in the last line of claim 9.

The application has been amended as follows:

- a. In claim 9, last line, "producing" has been deleted, and --outputting-- has been inserted therein.

Allowable Subject Matter

3. Claims 1-14 are allowable.
4. Claims 1 and 9 are allowable because, prior art of record taken alone or in combination, fails to disclose or render obvious an apparatus and method for detecting reflection images from

5. Claims 2-8 and 10-14 are allowable because they are dependent on independent claims 1 or 9 or an intermediate claim, and they include all the allowable limitations of the parent claim(s).

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
